GEMINI A LEFT

SIMPLE CORNER SOFA WITH SIMPLE DESIGN SOLUTIONS ...

GEMINI A is a corner sofa, that can change the direction depending on the requirements of the space.

It is built out of two three-seaters fixed with a back support construction, five pillows designed in that way to give a minimalistic sense of the sofa, and an ottoman that can be used as a footstool or table.

The changeable part of the sofa is that one single bed that is rotating around the other single bed which is the fixed part of the sofa. Together they can be double bed or two separate beds with an ottoman between them. Simple design solutions, straight line and soft forms, constructed with a solid wood frame, HD polyurethane and durable cover, make this model also very easy to maintain in many years of use.
